TOWN CLERK

SELECTMEN'S REPORT 1981

The Board of Selectmen submit the following report.

We wish to thank the many people who have served our community during the past year in various offices, on committees and commissions. Without these people, the operation of our town would not be possible.

The reassessment of property was completed in October. The final count showed 1,020 improved properties and 595 vacant properties (land only) for a total of 1,605 parcels. The revised total assessment of the town now exceeds $40,000,00 Three times our 1966 assessment value. During the assessment procedure, over 200 tax payers availed themselves of the opportunity to discuss their assessments with the assessors. The Board is pleased with the quality of the work done, and feel that the town is now once again equibly assessed. It is interesting to note that our present equalized valuation is well under the equalized valuation as determined by the State a year ago. This means we will benefit from a reduced share of both the school and the county budgets.

The final payment on the East Lake Road project will be made during 1982. We will be considering a major TRA project for 1983, similar in scope. Two roads presently under consideration are sections of the Jaffrey Road and the Royalston Road.

The taxpayers of Fitzwilliam were charged with a major increase in 1981 property taxes. The bottom line dollars raised by property taxes increased from $737,698.00 in 1980 to $1,020,494.00 in 1981, an increase of over 38%. This increase was a result of spending increases at the town, school and county levels, together with a large decrease in revenue from other sources. As we enter into 1982, the Board must express its concern that spending be held in line at all levels of government, not just the town, and that income returning to the town from the state, in particular, not be reduced.

The Rhododendron State Park has been an item of interest during 1981 for many of our residents as well as the subject of legislation at the state level. We had expected the state to turn over the Park Cottage along with approximately 2 acres to the town. We have recently been advised that the state now proposes to sell the property to the town. We have placed an article relative to this on the Warrant for your consideration. The Board of Selectmen is of the opinion that the property has little value to the town, and recommends that the property be sold to private interests and placed back on the tax rolls.

The master plan committee of the Fitzwilliam Planning Board has submitted an excellent comprehensive planning program for the 1980's and beyond. The Board congratulates the committee on a job well done.

Respectfully submitted,

Wallace F. Angier, Chmn.

FIREWARDS REPORT

1981 CALLS

The Fitzwilliam Fire Department responded to 114 calls in 1981. Seventy-eight (78) of which were rescue responses. The Fire Department members respond to all medical/rescue calls without charge to the patitents or the town. The Firewards wish to extend their sincere thanks to all who have given their time and efforts without charge.

EQUIPMENT

The department did not add any new vehicles in 1981, but concentrated on up-dating the 1967 1¼ ton Jeep for forestry use and completed the renovation of the 1956 GMC tanker. This work was completed by the firefighters.

A 1982 project will be started in the spring. The 1954 Village reel-pumper will be repainted and new hydraulic operated reels will be installed. As you may have noted this is now our oldest first class pumper. This work will be done by our own firefighters.

The 1936 Stewart was sold in 1981 to the highest bidder. This unit served our town for 45 years and we feel it has earned a well deserved rest.

FOREST FIRE PERMITS

A reminder that a burning permit is necessary in writing for any open burning including outdoor fireplaces, and cooking fires(except outdoor grills.) This permit is obtained from the Fire Chief, Edwin O. Mattson, Jr. or Forest Fire Deputy, Joseph Tardiff. These are the only two people authorized to issue permits.

1982 WARRANT ARTICLE

The Firewards call your attention to the special article on the warrant concerning the purchase of self-contained breathing units for use of firefighters. At present the department has eight such units. Four are over 10 years old, two are about 6 years old, and two are 4 years old. These units are scheduled for re-testing in 1982. It appears two units may need major over haul and the others just need factory service. The article in the warrant requests $3,200. for four additional units. We urge the passage of this article as firefighters lives depend on safe and modern equipment.

GOALS AND OBJECTIVES

The Firewards are still considering space need for the future. We are reviewing the possibility of renovating the Village station or locating a substation somewhere on route #12. To date no suitable land has become available for consideration on route #12.

CAPITAL RESERVE FUND

The town established a capital reserve fund for the purchase of fire equipment. We feel this has been an excellent way to build a cash fund for purchase of new fire-tanker pumpers. As you know new fire engines are expensive and to pay for a new unit in two or more years is expensive as interest rates are very high. The Firewards firmly believe this capital reserve fund should be active, therefore we urge the Budget Committee to actively support the

Fire Department capital reserve fund in the future.

TRAINING

In 1981 six members were qualified for the N.H. Certified Firefighters Program. In 1982 we hope others will qualify for this important training. The Certification Program at present is voluntary.

To the Citizens of Troy and Fitzwilliam,

I would like to take a moment of your time once again, to up date you on the progress of your ambulance. We are fast approaching the end of our seventh year in serving you as a free service. We have proven time and again our faithfulness and steadfastness in always being there when you needed us. Because of the dedication of this small group, we have become like a faithful watch dog - there in the background - silent, ready and willing to be at your service when needed. But because much time and energy to keep this corporation a smooth and efficient running service, this is where I would like to sincerely thank the members of T. E. A. S. I. who are responsible for this excellent dedication. Their speed in answering calls, their interest in keeping their education current, their sincere interest in protecting you and yours from emergencies, and their continual interest in the up-keep of the ambulance, all take time from their private lives and deserves a big thank you.

Another big thank-you goes to you - our public who support us each year faithfully. With the donations we receive from you, we maintain the ambulance mechanically, stock medical supplies, and soon will have to use funds to purchase a new ambulance. Our education is becoming more involved each year and the members are keeping up with all the new life-saving measures that are required to turn emergencies into non-emergencies.

Seven years ago, we promised to provide you with a totally tax-free twenty-four hour ambulance service - we did, we are, and we plan to continue this service. Your help is still needed during an emergency - please be sure to give accurate details, name, address and if possible at nighttime, put a light on.

Remember, the number remains the same to reach us - 352-1100. From myself and the T. E. A. S. I. crew, we hope all of you have a safe and healthy year.

Ray Woods
President, T. E. A. S. I.

FITZWILLIAM POLICE DEPARTMENT

ANNUAL REPORT 1981

Our most significant accomplishment for 1981 was the successful conclusion of 68% (126) of our investigations (184). Of the 126 we cleared, 110 were by arrests or exceptional means (closing case outside of court). The remainder were unfounded or not criminal in nature.

Approximately $20,194 worth of property was recovered, while about $28,349 was stolen for the year. Property reported damaged, as in cases of vandalism, amounted to approximately $1,797.

We received an average of 5½ calls per day for police service (2,024 for the year), 3½ (criminal) investigations per week, and a person was taken into custody every 5 days (total 72, 11 felonies).

It appears to be a regular feature of this report, that of fatal traffic accidents. Four area people died in one accident last year that was alcohol related. The real tragedy though is the attitudes that prevail about liquor, and the inevitable result. This was but one of the fifty-four accidents we investigated during 1981.

In other areas of department activity, 351 traffic stops were made with 167 resulting in enforcement action. 3,568 physical property inspections were conducted as part of our on-going Crime Prevention Program, with an additional 53 instances of reports of suspicious persons or vehicles that were checked. 8,475 hours were worked by our police officers, traveling approximately 43,000 miles on our police vehicles to deal with the activities previously mentioned.

Though statistics by themselves are not really significant, in total they lead to conclusion. Each year the police department faces an increased demand. Much of this is based on our relationship with our community who is more apt to call us than in the past. However, it is also due to an increase in real terms; and through the help we've received from the citizens we have been able to achieve results. Meanwhile, our budget has increased. This is an unfortunate sign of the times in which we live, and not because the department has grown; in fact the size of the department has remained unchanged for several years.

We feel it is necessary to replace the 1980 Ford Fairmont we're using as our primary car. The reasons are the usual, based on usage. An additional reason which will be the key to a cost saving measure is adopting a program of replacing the primary car every 3 years rather than the present 2. If we can keep the primary car operational for 3 years, it must be capable of lasting a minimum of 120,000 miles safely. This will naturally place a greater dependence on the back up car, which we propose to be the Fairmont. The present back up car, a 1978 Plymouth would be sold.

I'm pleased to report all our officers are certified by the New Hampshire Police Standards and Training Council, and meet or exceed all the minimum requirements. This is quite an accomplishment, and I'm proud to say we are most fortunate to have such a fine staff of officers in Fitzwilliam.

The program we sought last year to regulate alarms is again on the warrant. To clarify the misunderstanding I wish to highlight the proposal. We consistently receive a large number of alarms (77 for 1981); and with a very small exception (less than 1%) are always unfounded every year! There appear to be a number of systems we don't even know about, and many more we are unable to do anything about once they go off. The results are hazardous to officers through complacency, and to the town through nuisance "emergencies". Of course, many disturbances are also a result. In spite of this, we support alarms and encourage their use. Yet, we are less than responsible if we don't try to improve their reliability and the indirect hazards to safety. We propose to issue permits to alarm owners after having received the necessary information to do the job, and the proper assurances from the owners that they have the proper equipment, e.g. a means to shut off their siren after it has run for a certain period of time. It is not possible to detail the entire proposal, your input to the Board of Selectmen would be most useful to develop an equitable program.

Though austerity is forcing its effects on public safety, Fitzwilliam benifits from outside agencies greatly. We could not function well without the County Sheriff's Department, the New Hampshire State Police, and the many related agencies and personnel of local, county, state and federal government. To you all, and the residents of Fitzwilliam, a sincere thank you and best wishes for 1982.

Respectfully submitted,

Kurt F. Schimke

TRANSMITTAL AND COMMENTARY LETTER

Board of Selectmen
Town Office
Fitzwilliam, New Hampshire 03447

Members of the Board:

We have examined the financial statements of the various funds and account groups of the Town of Fitzwilliam for the year ended December 31, 1981 and have issued our report thereon dated February 11, 1982. As part of our examination, we reviewed and tested the Town's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. Under these standards, the purpose of such evaluation is to establish a basis for reliance thereon in determining the nature, timing and extent of other auditing procedures that are necessary for expressing an opinion on the financial statements. Such study and evaluation disclosed the following conditions that we believe to be material weaknesses.

Cash Receipts Journal

Currently the Selectmen's office does not keep a cash receipts journal. A record of all cash receipts should immediately be implemented in the Selectmen's office, in order to maintain control over receipts.

Year-End Cut-Off

The General Fund books were not closed at December 31, 1981, but were held open into January 1982. At year-end, the Selectmen's and Treasurer's books should be closed on December 31, 1981 in order to accurately reflect the financial position of the Town at year-end, and also to afford a proper reconciliation of the books, resulting in stronger accounting control.

Checking Accounts

The Town Clerk and Tax Collector currently have separate checking accounts in the same bank as the General Fund Town Account. We believe these accounts are not necessary. Remittances at least once a week should be made directly into the General Fund Account.

Purchase Order System

The Town does not utilize a formal purchase order system for all Departments. We recommend the Town set up such a system whereby all Departments are required to have written authorization from the Selectmen, on preprinted and prenumbered forms before purchases over a fixed amount are made. Vendors should be notified to send all invoices to the Town Hall to insure adequate controls.

Prenumbered Checks

The unissued checks of the Library Fund are not prenumbered. Although you have indicated that prenumbered checks would be ordered when the present supply is depleted, we believe that a further step is necessary to immediately rectify this weakness in your internal control. We suggest the acquisition of a hand stamp which could number the unused checks in consective order. Once this has been done, all unissued checks should be accounted for as used or voided before a new supply is issued.

Other

The objective of internal accounting control is to provide reasonable, but not absolute, assurance as to the safeguarding of assets against loss from unauthorized use or disposition, and the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by management.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness or other personal factors. Control procedures whose effectiveness depends upon segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management with respect either to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in condition and that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the Town's system of internal accounting control for the year ended December 31, 1981, which was set forth in the first paragraph, would not necessarily disclose all weaknesses in the system.

Other areas while not material weaknesses in internal accounting control, merit your attention.

Fixed Asset Records

Adequate accounting procedures and records are essential to the protective custody of governmental property. The value of fixed assets for all governmental entities is substantial and usually greater in value than the current assets. Lack of these detailed records prevents fair presentation of fixed asset costs as required by generally accepted accounting principles. We recognize that the Town has included the establishment of fixed asset records in its long-range objectives.

Publication Requirement

The provisions of R.S.A. 71-A:21 require that only this letter be published in the next annual report of the Town.

We recommend that you also publish the accompanying financial statements, footnote disclosures and auditor's opinion in their entirety in the next report. If you decide to publish the accompanying financial statements, you must include both footnote disclosures and our auditor's opinion as part of the Town report. In addition, the auditor's report may not be published without the accompanying financial statements and footnotes.

We extend our thanks to the officials and employees of the Town of Fitzwilliam for their assistance during the course of our audit.

MEADOWOOD FRIENDLY MEALS
AND
MEALS-ON-WHEELS

The Meadowood Friendly Meals program is entering its fourth year of operation and still going strong! Over the past year, the Friendly Meals program has served over 8,000 dinners to senior citizens in the dining room at the Meadowood Assembly Hall. The Friendly Meals is a place for senior citizens to come together for fellowship, to enjoy a hot dinner, and to get information about services available to them.

The Meals-On-Wheels program also operates from the Friendly Meals site. This past year, Meals-On-Wheels served nearly 3,500 meals to elderly and handicapped Fitzwilliam citizens. These shut-ins receive a hot, well balanced dinner every day, Monday through Friday, as well as the reassurance of a visit from a friendly, concerned driver.

In conjunction with the Friendly Meals, the Friendly Wagon provides transportation to senior citizens in Fitzwilliam. Every Wednesday morning, the Friendly Wagon stops at the Common and at the Depot in Fitzwilliam to bring riders to Keene. A return trip is made in the afternoon. For pickup times, call the Friendly Bus office at 352-8494.

Donations are greatly appreciated to help us to continue all of our programs. For further information on the Friendly Meals, Meals-On-Wheels, or the Friendly Wagon, call the Meadowood Friendly Meals at 242-7986.

These programs are sponsored by Home Health Care and Community Services, Inc.
